

# eLearning conference

## CONFERENCE

### GOALS

- Promote best practice in online, hybrid, and classroom teaching and learning
- Excite interest in pedagogies supported by educational research
- Encourage faculty to share meaningful teaching ideas & experiences

## CONFERENCE

### FAVORITES

- Roundtable sessions allowed smaller groups to learn and share ideas, led by an experienced peer.
- Our student panel about online courses was an eye opener! Students succeed with more community building among classmates and instructors. And they thrive with clarity and organization in course design.
